Career Objective

Motivated and enthusiastic computer science graduate with a strong passion for learning and applying emerging technologies. A self-driven individual with a foundational understanding of programming, web development. Eager to contribute to a dynamic environment where I can apply and expand my skills to deliver meaningful impact to the organization.

Educational Contour

B.E COMPUTER SCIENCE ENGINEERING (AI & ML) 2022-2026	9.01
Vel Tech High Tech Dr.Rangarajan Dr.Sakunthala Engineering College.	
INTERMEDIATE 2020-2022	92%
Sri Chaitanya Junior College.	
SECONDARY SCHOOL 2019-2020	92.6%
Prasanna Bharathi High School.	

Technical skills

- **Languages:** Java,Python,Sql
- **Web Technologies:** HTML, CSS, JavaScript
- **Libraries:** Scikit-learn, Pandas, NumPy
- **Cloud:** Microsoft Azure,Azure Data Factory,ADLS GEN2,Azure Databricks,Azure SQL Database
- **Databases:** MicroSoft Sql Server,MySQL,MongoDB
- **Data Engineering:** Pyspark,Delta Lake,Metadata-Driven ETL Framework,ETL Pipeline Development

Projects

Wine Oracle: A Clandestine Journey into Quality Prediction with Neural Alchemy

- Developed a hybrid model by integrating a Multi-Channel Convolutional Neural Network (MC-CNN) with a Multi-Layer Perceptron (MLP) . Successfully published the research in REST Publications.

Enhanced Image Processing For Medicinal Plant Identification :A Novel Hybrid Approach

- Developed a hybrid model combining custom CNN and pretrained ViT for medicinal plant identification using Hugging Face data, enhancing accuracy through local and global feature extraction.

Enterprise Retail Analytics on Azure

- Built an end-to-end Azure-based data engineering pipeline for ingesting, transforming, and processing retail data.Developed a metadata-driven ETL framework using PySpark and implemented the Medallion Architecture (Bronze, Silver, Gold) for structured data processing.

Internship

NATIONAL SMALL INDUSTRIES CORPORATION (NSIC) CENTER

- Worked as an intern for two weeks in Python for Data Science.
- Gained hands-on experience in data analysis, data visualization, and machine learning techniques.

Certifications

WIPRO: Java Full Stack

NPTEL : The Joy Of Computing Using Python (Elite Silver)

NVIDIA : Fundamentals Of Deep Learning

Achievements

- Vel Ratna Award Received for securing the highest GPA in my branch during the 4th semester examinations.
